

To Whom it may concern:

It is with confidence that, as Project Manager of the Wessex Water Food Waste Treatment Plant at Avonmouth, I put forward this recommendation of John Haigh and his team at Bild Limited (formerly Coodayssy Limited).

Bild completed all works required of it on time and within budget. All variations were remeasured using the rates in the Bill of Quantities and the cost of any other new works was agreed up front.

Each date that we requested Bild to meet was fulfilled allowing our follow on trades to carry on unhindered.

Bild's commitment to quality and understanding of the importance of a cohesive method of construction makes it a great partner in arriving at solutions to budget constraints, helping to meet the financial, functional and aesthetic goals of a project.

In summary, I found Bild's quality of service high. It is both efficient and correct and we look forward to working with Bild Limited in the future. We have already had the opportunity to heartily recommend the services of Bild and will continue to do so without hesitation.

Yours faithfully

John Bole - Project Manager
